Among the resolutions passed favorably
by the convention were the follow-
ing: Favoring government own-
ership of all public utilities, especially
the coal mines; favoring the passage
by congress of a law providing for
old age pension; sanctioning appro-
priation by the federal government of
\$750,000, for the bureau of mines, as
recommended by Secretary of the In-
terior Lane, and asking congress to
pass a law prohibiting railroad and
street car companies collecting fares
from passengers with seats.

James C. Walters, president of the
trades and labor union congress
of Canada, told of the labor move-
ment in the Dominion and especially
of the successful fight made by the
congress to obtain an amendment
"extending labor organizations from
the provisions of the combines in-
vestigation act," which he said was
similar to the Sherman anti-trust law
of the United States.

SUGAR TRUST NOT

PARAMOUNT SAYS
CHAIRMAN

No Longer Exercises Control-
ling Interest in Beet Sugar
Industry According to Offi-
cial of Company.

(By Leased Wire to Evening Herald.)

New York, Jan. 22.—The American
Sugar Refining company has longed
a controlling interest in beet sugar
refineries of a value to their manage-
ment, according to the testimony to-
day of Edwin F. Adams, chairman of
the board of directors, on resuming
the stand in the hearings of the gov-
ernment's suit to dissolve the com-
pany under the Sherman anti-trust
law.

Mr. Adams testified that in August
1911 the company had sold outright
its one-half interest in the stock of
the Western Sugar Refining company
of California and had also disposed in
October of the same year of its hold-
ings in the Carver sugar company,
both beet sugar concerns. One of the
contentions of the government is that
the American Sugar Refining company
is a power in the beet sugar industry.

Mr. Adams gave a list of the beet
sugar concerns in which the American
Sugar Refining company still held
stock. Although the total par value
of these holdings reached over \$22,-
000,000 in only one case did the hold-
ings amount to over 50 per cent.

The company in 1910 with the ap-
proval of the department of justice,
continued the witness, offered for
sale to its stockholders \$5,000,000 par
value of its \$12,000,000 stock in the
National Refining company. Al-
though \$2,000,000 was taken the rest
was still on sale at par.

MINERS BELIEVED

TO HAVE BEEN KILLED
IN BINGHAM MINE

(By Leased Wire to Evening Herald.)

Bingham, Utah, Jan. 22.—Prepara-
tions were made by a 7-foot crew
to enter the Boston mine of the
Utah Copper company early today,
but on account of the defective
equipment, they were delayed several
hours. It is believed that the
two Austrian miners, who were cut
off from escape yesterday when
timbers in the mine caught fire
near the exit, were asphyxiated by
the poisonous gases.

ENDORSED BY
STOCKMEN

Protection of American Ranch-
men in Mexico Also Recom-
mended by National Associ-
ation in Denver.

RE-ELECTION OF MR.
JASTRO CERTAIN

(By Leased Wire to Evening Herald.)

Denver, Jan. 22.—Federal control
of the open range, more effective san-
itary regulations, protection of Amer-
ican live stock owners and ranchmen
in Mexico, education of the children
on farms and approval of the work
of the federal department of agricul-
ture and the administration of nation-
al forests were the chief recommenda-
tions contained in the resolutions
adopted at the closing session of the
seventeenth annual convention of the
American National Live Stock associ-
ation today.

During the morning session it ap-
peared practically assured that San
Francisco would be chosen as the
meeting place for the 1915 convention
and that H. A. Jastro would be re-
elected president.

In the resolutions adopted the con-
vention went on record as opposing
any change in the regulations of the
bureau of animal industry regarding
quarantine; favored the investigation
of delays at stock yards and terminals;
demanded protection in westbound
rates on live stock from the inter-
mountain region; approved an educa-
tional bureau. It favored a campaign
to raise more alfalfa; protested
against the elimination of grazing
lands in forest reserves without full
investigation; condemned the abuse of
live stock passes; demanded an ade-
quate inspection of imported meats
and endorsed the work of the United
States sanitary association; the mod-
ification of present valuations in live
stock contracts and uniform contracts
were demanded, an increase in live
stock rates opposed and more effective
sanitary regulations urged. A prohibi-
tive tax on oleomargarine was op-
posed; the work of agricultural col-
leges endorsed and the attitude of
the association in opposition to the
placing of live stock and meat on the
free list re-affirmed. Opposition to the
repeal of the quarantine law of 1884
was voiced.

Month.

(By Leased Wire to Evening Herald.)

New York, Jan. 22.—Henry Sie-
gel, head of a chain of dry goods
enterprises, most of which failed re-
cently, took the witness stand today
before a special master in the re-
covery proceedings and testified
that he was practically penniless.

"I used to draw \$4,000 salary ev-
ery month from my stores," he said.
"Now I have no income. I haven't a
cent."

Siegel told of the organization of
the Siegel stores corporation which
he and Frank E. Vogel formed as a
holding company to take over the
Siegel stores in Chicago, New York
and Boston.

Henry Siegel of the private bank-
ing firm of Henry Siegel & Co., and
the department store enterprises
now in the hands of receivers, took
the place of his partner, Frank E.
Vogel, as a witness before Special
Examining George C. Holt today.

Vogel testified yesterday and will
be examined again two weeks hence
when he is to produce his private
banking books and vouchers. He
said yesterday that money deposited
in the private bank of Henry Siegel
& Co. was used for making loans to
various department stores identified
with the Siegel corporation and that
while his investments in the enter-

RADIUM PRODUCER
CHARGED WITH
OBSTRUCTION

Joseph Flannery Accused of
Fomenting Opposition to
Withdrawal of Lands in
Colorado.

(By Leased Wire to Evening Herald.)

Washington, Jan. 22.—Whether
Joseph Flannery, president of a
Pittsburgh concern producing radium,
was back of a propaganda
against the proposed withdrawal of
radium lands by the government was
brought up today at a hearing before
the house mines committee.

Chairman Foster read a telegram
by Flannery to a lawyer urging
organized opposition to the gov-
ernment's plan. Flannery admitted
sending the telegram but denied that
it could be construed as evidence
that he was fomenting a movement
against the government's plans. He
declared a monopoly of radium lands
in Colorado was improbable because
of the size of the zone.

FAMOUS AVIATOR
HAMILTON DIES
IN HIS BED

Pioneer in Flying Who Aston-
ished Los Angeles in 1905
Passes Away on Terra Firma
of Hemorrhage.

(By Leased Wire to Evening Herald.)

New York, Jan. 22.—Charles K.
Hamilton, 38, who gained fame as
an aviator by flying from New York
to Philadelphia and return, died
suddenly today at his home in this
city. The cause of death was inter-
nal hemorrhage.

HAMILTON MADE SENSATION
AT LOS ANGELES IN 1910

Los Angeles, Jan. 22.—It was al-
most four years ago to the day that
Charles K. Hamilton, the pioneer
aviator who died in bed today at his
home in New York, made what was
then regarded as a marvelous cross
country flight. It was achieved at
the aviation meet here in January,
1910, the first international meet
held in this country.

In a biplane, which compared with
the air boats of today in the same
degree that 1900 model automobiles
compare with the motor cars of
1914, Hamilton made a flight from
Dominguez Field on top of a hill
south of the city, twenty-one miles
to the beach. His return was halt-
ed by engine trouble and he alight-
ed in a rough field which nearly
wrecked the machine, before about
75,000 persons, who had never seen
an airplane in action before and
acclaimed the feat as marvelous.

Hamilton was a member of the
American team, and was pitted
against the eccentric Frenchman,
Louis Pauthier, who, manning a
lumber skiff, but more erratic
monoplane, managed to surpass the
American's distance flights next day.
Hamilton a few days later in San
Diego took Prof. H. L. V. Tuck-
ing of the California Aero club on one
of the first passenger-carrying trips
ever attempted in this country.

PINDELL OF PEORIA
GETS ACROSS

Senate Committee After In-
vestigation Reports Favor-
ably on Nomination as Rus-
sian Ambassador.

(By Leased Wire to Evening Herald.)

Washington, Jan. 22.—The nomi-
nation of H. M. Pindell of Peoria, Ill.,
to be ambassador to Russia was
ordered favorably reported today by
the senate foreign relations commit-
tee.

Mr. Pindell's nomination has been
delayed because of a certain alleged
correspondence with Senator Lewis
saying Pindell had been selected to
represent the United States in Russia
for a limited period, probably not
more than a year. Investigation also
was made into alleged correspond-
ence between Mr. Pindell and Repre-
sentative Stone over control of Fed-
eral patronage.

"The committee," said Chairman
Bacon, "decided that nothing had
been found concerning Mr. Pindell
which would warrant it in refusing
to recommend his confirmation for
the Russian ambassadorship."

The nomination of Daniel T.
Mooney of Ohio to be minister to
Paraguay was referred to a sub com-
mittee for consideration.
